High Turbidity Disrupts Operations at Cambridge, Niagara, Vaughnsfield & Tangle River Facilities In St. James

The National Water Commission is monitoring the inflow of water at its Cambridge, Niagara, Vaughnsfield and Tangle River facilities in St. James, due to high levels of turbidity. Customers served are experiencing a disruption in their regular water supply.

Affected NWC service areas include:

Cambridge Treatment Plant

Bickersteth, Seven Rivers, Richmond Hill, Shortwood, Cambridge, Ducketts, Grange, Bethel Town, Argyle Mountain, Greenwich, Retrieve and Lambs River.

Niagara Treatment Plant

Niagara, Johnson, Elderslie

Vaughnsfield Pump Station

Maroon Town, Flagstaff, Shaw Castle, Brown's Town, Georges Valley

Tangle River Pump Station

Carlton, Summer Hill, Point, Tangle River and Maldon.

Full operations will resume as soon as the turbidity subsides.

The NWC apologises for any inconvenience caused and craves the patience and understanding of its valued customers.
