**SCHEDULED WELL TESTING EXERCISE TO DISRUPT WATER SUPPLY
MORANT BAY, SEAFORTH AND ENVIRONS IN ST. THOMAS TO BE AFFECTED**

The **National Water Commission (NWC)**, is advising that the construction of the replacement well at the Springfield #2 facility in St. Thomas, is at its final stage and the newly drilled well is now ready for testing. The scheduled testing activities will result in the **Springfield #1 Water Facility** being taken out of operation on the following dates:

Disruption Schedule:

FACILITY	SHUTDOWN DATE	RESUMPTION DATE
Springfield #1	Monday, May 16, 2022 at 10:00am	Wednesday, May 18, 2022 at 10:00am
	Monday, May 23, 2022 at 10:00am	Friday, May 27, 2022 at 10:00am

Customers served by this facility are being encouraged to store water for use during the disruption period.

Areas to be affected: **Morant Bay, Springfield, Duhaney Pen, Roselle, Lyssons, Western Prospect, York, Alexander Park, Retreat, Seaforth, Highbury**

The **National Water Commission** apologises to its valued customers for any inconvenience that may be caused and seeks to assure that every effort will be made to restore regular supply on, or before the times specified.

-END-
