JPSCo SINGLE PHASE POWER SUPPLY AFFECTING LUCKY HILL FACILITY IN ST. MARY

The National Water Commission (NWC) is reporting that a JPSCo single phase power supply issue has forced the suspension of pumping operations at the **Lucky Hill Water Facility** in **St. Mary**. This has resulted in water supply disruption to customers supplied by the system.

Affected areas: **Lucky Hill, Elgin Town, Halifax, Rose Street, Retirement, Aricadia H/S, parts of Saltrum, Barclay Town, Jeffrey Town**

The matter has been reported to the power service provider and full operation will resume as soon as regular power supply is restored at the facility.

The NWC regrets any inconvenience this disruption may cause and craves the patience and understanding of its valued customers.
