LOW STORAGE LEVELS IMPACTING OPERATION AT BEVERLY HILLS TANK IN ST. ANDREW

The National Water Commission wishes to advise that water supply distribution at the **Beverly Hills Tank** in **St. Andrew** has been suspended to facilitate the rebuilding of storage capacity at the plant. This has resulted in water supply disruption to customers in **Beverly Hills**.

The facility is expected to resume operation by **5pm today, September 22, 2022**.

The NWC regrets any inconvenience caused and craves the patience and understanding of its valued customers.
