**SINGLE PHASE POWER PROBLEM DISRUPT WATER SUPPLY
ROCK HALL AND ENVIRONS IN ST. ANDREW AFFECTED**

The **National Water Commission** is reporting that single phase power problem has affected pumping operation at the **Allman Hill Water Facility in St. Andrew**. This has resulted in water supply disruption to customers served by the facility.

The matter has been reported to the power service provider and full operation will resume as soon as regular power supply is restored at the facility.

Areas impacted: **Rock Hall, Coopers Hill and environs**

The NWC wishes to apologies to its valued customers for any inconvenience that may be caused by this disruption in service.
