JPSCo SINGLE PHASE ISSUE IMPACTING WOOD PARK WATER FACILITY IN ST. MARY

The **National Water Commission** is reporting that JPSCo single phase problem has affected pumping operation at the **Wood Park Water Facility in St. Mary**. This has resulted in water supply disruption to customers served by the facility.

The matter has been reported to the power service provider and full operation will resume as soon as regular power supply is restored at the facility.

The public is being assured that regular water supply will be restored as soon as the power supply issue is corrected by the provider.

Areas Affected: Lower Derry, King Spring Relift

The NWC regrets any inconvenience this disruption may cause and craves the patience and understanding of its valued customers.
