### **Turbidity Disrupts Operations at Cambridge Treatment Plant In St. James**

The National Water Commission is monitoring the inflow of water at the Cambridge Treatment Plant in St. James, due to high levels of turbidity. Customers served are experiencing a disruption in their regular water supply.

Affected NWC service areas include: Bickersteth, Seven Rivers, Richmond Hill, Shortwood, Cambridge, Ducketts, Grange, Bethel Town, Argyle Mountain, Greenwich, Retrieve and Lambs River.

Full operations will resume as soon as the turbidity subsides.

The NWC apologizes for any inconvenience caused and craves the patience and understanding of its valued customers.
