BROKEN JPSCo TRANSMISSION POLE DISRUPT GUYS HILL FACILITY IN ST. CATHERINE

The National Water Commission is reporting that a broken JPSCo transmission pole is currently impacting pumping operation at the **Guys Hill Facility** in **St. Catherine**. This has resulted in water supply disruption to customers served by the facility.

The public power provider is undertaking the necessary repair work and resumption of water supply is estimated as soon as the power supply problem is corrected.

Areas impacted: **Race Course, Jeffery Town, Decoy, Ragsville, Moreland, Redwood, Middlesex, Guys Hill, Windsor Castle, Barnett/Benbow and Bonnett**

The NWC apologizes to its valued customers for any inconvenience caused and seeks to assure them that every effort will be made to restore regular water supply in the shortest possible time.
