**INTERCONNECTION WORKS TO DISRUPT WATER SUPPLY TO
SECTIONS OF MANDEVILLE**

The National Water Commission is advising that it will be conducting interconnection works under the Waltham Road to National Housing Trust (NHT) Perth Development Tank project from tomorrow Wednesday, October 13, 2021 to Thursday, October 14, 2021. As a result, customers in some sections of Mandeville will experience a disruption in their water supply.

Areas to be affected include: Waltham Road and environs, Cedar Grove, Grove Road, Manchester Road, May Day Road, Albion Road and Perth Road.

NWC regrets any inconvenience this necessary work may cause and urges customers to store water for use during the outlined period.
