**EMERGENCY LEAK REPAIRS TO IMPACT OPERATIONS AT  
DALINTOBER WELL FACILITY IN ST. ELIZABETH**

The National Water Commission wishes to advise customers that operations at its Dalintober Well facility in St. Elizabeth will be shut down tomorrow Thursday, September 2, 2021 between 10 a.m. and 3 p.m. This is to facilitate emergency leak repairs on a transmission main.

Affected areas include Black River, Darlintober, Crawford, Hill Top, Gallion Beach, Cambridge, Lewis Town, Sandy Ground, Speculation, Brompton, Oxford, Fyffes Pen, Cotterwood, Sellington, Fustic Grove, New Town Crane Road, Parotte Beach, Hodges Main Rd, Black River Hospital, Spring Park

NWC regrets any inconvenience this may cause and urges customers to store water for use during the outlined period.
