Necessary Bushing Exercise to Impact Great River Treatment Plant in St. James

The National Water Commission is advising that operations at the Great River Treatment Plant in St James will be temporarily suspended on Thursday August 4, 2022 between 8:00 a.m. and 5:00 p.m. This is to facilitate the bushing of the plant's intake powerlines.

As a result, customers served by the facility will experience a disruption in their water supply during the outlined period.
