**WATER SUPPLY REGULATIONS FOR ST ANDREW COMMUNITIES  
WATER TO BE SUPPLIED ON ALTERNATE DAYS TO COMMUNITIES**

The National Water Commission is advising of a revised schedule to the **Mona- Papine** area of **St Andrew** as the Company strives to respond to the water supply needs in the face of the ongoing water shortages. The NWC is noting that there has been a significant decline in inflows to the Hope Water supply system, and the Mona Reservoir, with approximately **32%** of its storage capacity, is also at critically low levels which will negatively impact the company’s ability to augment the shortfalls within the Hope network.

The NWC’s assessment has noted that even during the existing service delivery times the low production volumes have resulted in limited or no service to several communities. As a result, these new measures are being explored to serve targeted areas on specific days in a bid to ensure that each community receives some level of service.

Water supply will be distributed as follows: -

<b>COMMUNITIES</b>	<b>DAYS OF SUPPLY</b>	<b>SUPPLY TIMES</b>
<b>HOPE PASTURES</b>	<b>Mondays, Wednesdays and Saturdays</b>	<b>Between 4 am to 6 pm</b>
<b>GORDON TOWN</b>	<b>Tuesdays and Fridays</b>	<b>Between 4 am to 6 pm</b>
<b>KINTYRE</b>	<b>Thursdays and Sundays</b>	<b>Between 4 am to 6 pm</b>
<b>MONA HEIGHTS, ELLETSON FLATS, TAVERN, GOLDING AVENUE, GOLDING CIRCLE</b>	<b>Tuesday, Thursdays and Sundays</b>	<b>Between 4 am and 6 pm</b>
<b>MANLEY AVENUE</b>	<b>Tuesdays and Fridays</b>	<b>Between 2pm to 10pm</b>

Residents are therefore being encouraged to observe the new service times and to store water for use during the periods of outage. The NWC also seeks to assure the communities that normal supply times will be restored once the operating conditions are favourable to do so.

The NWC thanks its valued customers for their understanding as we strive to provide this vital service despite the difficult conditions.
